Turn off the **faucet** while brushing your teeth and washing your hands.

Only run the washing machine and **dishwasher** when you have a full load.

Take a **shower** instead of a bath.

Check for **leaks** and have an adult fix them.

Install a dual flush or low flow toilet or put a conversion kit on your existing toilet.

Don't overwater your **lawn** or water during peak periods and install rain sensors on irrigation systems.

Install a rain **barrel** for outdoor watering.

Plant a rain **garden** for catching stormwater **runoff** from your roof, driveway, and other hard surfaces.

Have your parents monitor the water usage on your **water** bill and ask your local government about a home water audit.

Share your knowledge about saving water through **conservation** and **efficiency** with your neighbors.
